

City of Highwood, Illinois
Valve Insertion and Fire Hydrant Replacement (CDBG Funded)
March 6, 2012/11:00 A.M.

Engineer's Estimate: \$110,000 - \$140,000

Description of Work: The proposed construction consists of the installation of four (4) 12-inch insertion valves with vaults or boxes, six (6) fire hydrant and auxiliary valve removal and replacements, one (1) fire hydrant and auxiliary valve removal, and one (1) valve repair; complete ground surface and pavement restoration; and other miscellaneous items of work.

Information for Bidders: **This project is being federally funded, in part, through the HUD program for Community Development Block Grants (CDBG). Therefore, all federal labor standards provisions (the Davis-Bacon Act – 40 USC 276A through 276A-5 – as defined by the United States Department of Labor) and equal employment opportunity provisions will be enforced. The successful contractor will be required to comply, to the greatest extent feasible, with all regulations pertaining to opportunities for training and employment to lower income residents of the project area and to the provision that contracts for work in connection with the project be awarded to business concerns located in, or owned in substantial part by persons residing in the area of the project. HUD will not be a part of this Advertisement for Bids or any resulting contract.**

All pertinent documents may be **examined** at the City Hall at 17 Highwood Avenue, Highwood, Illinois 60040 or on the internet at www.bhfx.net.

Copies of the Bidding Documents may be **obtained** from BHFx Digital Imaging, www.bhfx.net, upon a non-refundable payment of \$50.00 per set. **Documents can only be purchased through BHFx Digital Imaging.**
